WaterMotion is a group warm-water therapy for those with arthritis, fibromyalgia, joint replacement, back issues and pre & post surgery.

Our water fitness program uses the water's resistance to build muscle strength and the water's buoyancy to allow for movement in the water that may be difficult on land while improving your balance.

Our professionally trained instructors will motivate and educate you in this work-at-your-own-pace, safe program. Our shallow water workout does not require swimming skills and is perfect for all levels of fitness.

You make the commitment to your health, we'll make it fun.
